First Mid-Term Exam  
10 March, 2011**

**CLOSED BOOK, NO Calculator Permitted, CLOSED NOTES**

**Point totals are given for each part of the question.**

If you run out of room, continue writing on the back of the same page. If you do so, make a note on the front part of the page!

Note: You must solve the problem following the instructions given in the problem. Correct answers alone will not receive full credit.

**Partial Credit:**

→ Show Your Work! Answers written with no explanation will not receive full credit.

→ You can receive credit for describing the method you would use to solve a problem, even if you missed an earlier part.
