

Due date: Tuesday, March 27

Deadline: Thursday, March 29

S means a problem in Schroeder's text; GT means a problem in Gould & Tobochnik.

1. S 5.6

2. S 5.23

3. S 5.28

4. S 5.47

5. S 5.48

6. S 5.50

7. S 5.51

Those of you who are intrigued by the idea of distinctive behavior near critical points might want to look at S 5.55 (too long to assign).
