**Physics 410**  
**Fall 2014**  
**Prof. Anlage**  
**FINAL Exam**  
**16 December, 2014**  
**CLOSED BOOK, Calculator Permitted**

**Point totals are given for each part of the question.**

If you run out of room, continue writing on the back of the same page. If you do so,  
make a note on the front part of the page!

Note: You must solve the problem following the instructions given in the problem.  
Correct answers alone will not receive full credit.

**Partial Credit:**

- Show Your Work! Answers written with no explanation will not receive full credit.
  - You can receive credit for describing the method you would use to solve a problem, even if you missed an earlier part.
- 

Problem	Credit	Max. Credit
1		25
2		25
3		25
4		25
<b>TOTAL</b>		<b>100</b>

$$\begin{aligned}
